Sarah Yuzi Sandström

Learning & digital training coordination · LMS administration · International education

Uusimaa, Finland sarahyuzisandstrom@gmail.com +358 45 102 9420 LinkedIn GitHub Portfolio

Learning and education professional with over 10 years of experience in international education, pedagogical development, training coordination and digital learning. Experienced in coordinating international stakeholders, administering learning management systems, managing digital content, facilitating online training and improving learning processes. Combines practical experience in learning operations with Computer Science studies and hands-on development of digital learning and workflow automation solutions. Available to start as soon as possible.

CORE COMPETENCIES

Training coordination	International scheduling, stakeholder communication, session facilitation, follow-up and feedback collection
LMS administration	Learner management, content management and digital learning platform operations
Learning development	Training needs analysis, instructional design, eLearning content authoring and workshop delivery
Operations	Documentation, reporting, task tracking, cross-functional collaboration and process improvement

EXPERIENCE

2023–2025
Thesis ↗

Independent Researcher & Staff Trainer · with Laurea UAS

- Researched digital-tool and data-protection practices in a Finnish daycare setting, coordinating input from management, IT support, the Data Protection Officer and staff to identify practical training needs.
- Developed a 57-page, legally reviewed staff training guide and facilitated scenario-based workshops; the materials were adopted for annual staff development for 15–20 staff.
- Published the findings as a co-authored thesis (Laurea, 2024).

2021–2022

Pedagogical Consultant · LingoAce (remote)

- Administered the organisation's own learning platform, supporting learning content management and educational operations.
- Supported teachers through pedagogical guidance, learning content development, documentation and process improvement.
- Redesigned a teacher-reporting workflow, cutting reporting time by about 70% and making reporting more consistent.

2019–2020

Pedagogical Manager · Integrate Us

- Coordinated an international digital learning pilot connecting schools in India and Russia, aligning schedules across time zones and managing communication among educators.
- Administered the Claned learning platform, managing participants, learning materials and shared digital resources.
- Organised and facilitated live online sessions, aligning learning objectives, content and expectations across participating schools.
- Collected stakeholder feedback and built improvements into later sessions and materials, covering the full cycle from planning and preparation to delivery, evaluation and follow-up.

2018–2020

Research Assistant, South Asian Studies · University of Helsinki

- Managed and organised learning content in Moodle, keeping materials up to date, accessible and well organised.
- Updated the South Asian Studies website in WordPress; prepared manuscripts and indexes for academic books.

2010–2024

Teacher, 10+ years · International schools, early childhood education and adult learning

- IB English B lead teacher at Wellington College International Tianjin (2013–2017); contributed to a whole-school CLIL programme and mentored colleagues.
- Developed learning materials, coordinated educational activities and collaborated with multicultural teams.
- Early childhood education at Pilke päiväkodit Oy, Kauniainen (2022–2024): educational planning, learning documentation and communication with colleagues and families.

TRAINING AND TECHNICAL PROJECTS

2026
Live ↗

HR–LMS Reconciler · training records and process improvement

- Compares HR and LMS data to find missing accounts, leavers who still have access, permission mismatches and training-rule gaps, and produces structured findings for follow-up.

2025–2026
Demo ↗

Digital eLearning platform · software development project

- Django learning platform with PostgreSQL, Celery and Redis; learning administration features (courses, enrolment, user roles) and automated tests in CI.

In development

PhishEdu · interactive security-awareness learning

- Concept for an interactive phishing-awareness learning app using scenario-based learning, immediate feedback and adaptive paths.

DIGITAL LEARNING TOOLS AND SKILLS

Articulate Rise	Currently authoring a short eLearning module
Learning platforms	Claned (administration and content) · LingoAce platform (administration and content) · Moodle (content management) · SAP SuccessFactors Learning (end user)
Content and office	WordPress · Microsoft Office · Excel · Zoom
Technical	Python · SQL · Django · REST APIs · PostgreSQL · GitHub · Docker · workflow automation
Languages	Mandarin (native) · English (fluent) · Finnish (developing)

EDUCATION

2023–2027 **BSc Computer Science**, University of London (Goldsmiths), expected 2027 (flexible)

2019 **MA English Studies and Subject Teacher Training**, University of Helsinki, grade 5/5 (excellent)

2013 **BA English Studies for Teaching**, University of Buckingham, First Class Honours
